HISTORY

Founded by Mr. Bhagwandas Bathija, Bathija Enterprises has been the pioneer in the playing cards industry since 1980. Being the largest supplier of club quality playing cards in India, Bathija Enterprises believes in offering top-notch cards made with perfection. We continue to hold the foremost position in the Indian market of playing cards.

MISSION

To ensure satisfaction of our customer's gaming and entertainment needs by making superior quality playing cards. Customer satisfaction lies at the heart of everything that we do.

VISION

To be global leaders in the playing card industry through constant innovations and fostering the best talent.

INFRASTRUCTURE

We have a state-of-the-art manufacturing facility in the heart of Mumbai, with the best-in-class global machinery for Printing from Germany and Automatic Punching and Stacking Machines from Taiwan. We use the best global practices for production and have an in-house team of professional designers and highly skilled operators.

QUALITY

We select the best equipment and raw materials in our production process to ensure the finest quality playing cards. We conduct 100% quality check of all playing card packs before packing. We believe in offering playing cards that are highly durable and flexible, giving us an edge over our competitors.

SERVICE

To fulfil our clients' needs we ensure hassle-free and quick delivery. We work with our clients to deliver personalised and customised cards for various purposes like corporate gifting, festive and wedding gifting as well as gaming and entertainment.

PLASTIC CARDS

Recognised for our superior quality in the industry, we manufacture 100% pure plastic playing cards to amplify durability and to avoid easy wear and tear.

Our plastic playing cards have a special coating on both the sides that provides smooth slip.
